**Subject:** [EXT] Electric Rate Increase

Hello,

I for one am against the Electric Rate Increase!

Im on a fixed income with no way to make more money. Cost of fuel, food and everything else has made me not be able to even leave the house except to get food and go to my Dr visits.

With the loss of my wife and her income due to death recently, I now am in a even bigger struggle to pay my bills each month.

Government needs to do there job and protect the people of South Dakota against the people wanting every dime we make to satifie there wants and needs!

Thanks

Jon Sorensen
