Subject: [EXT] Xcel rate increase

Docket Number for previous message EL22-017, Dick Wilde Jr. [REDACTED]. Sioux Falls S.D. 57104

I do not think there should be any rate hikes, there are many people living on fix incomes. They show very good profits at this time, they should cut back on what the CEOs and what the stockholders are getting for money. The PUC needs to look after people and Not big companies. People are having a hard time trying to pay bills and just living now. Yours Truly , Dick Wilde Jr. [REDACTED]. Sioux Falls S.D. 57104
