Subject: Old Folsom Electricity
Attachments: Publication2.pdf

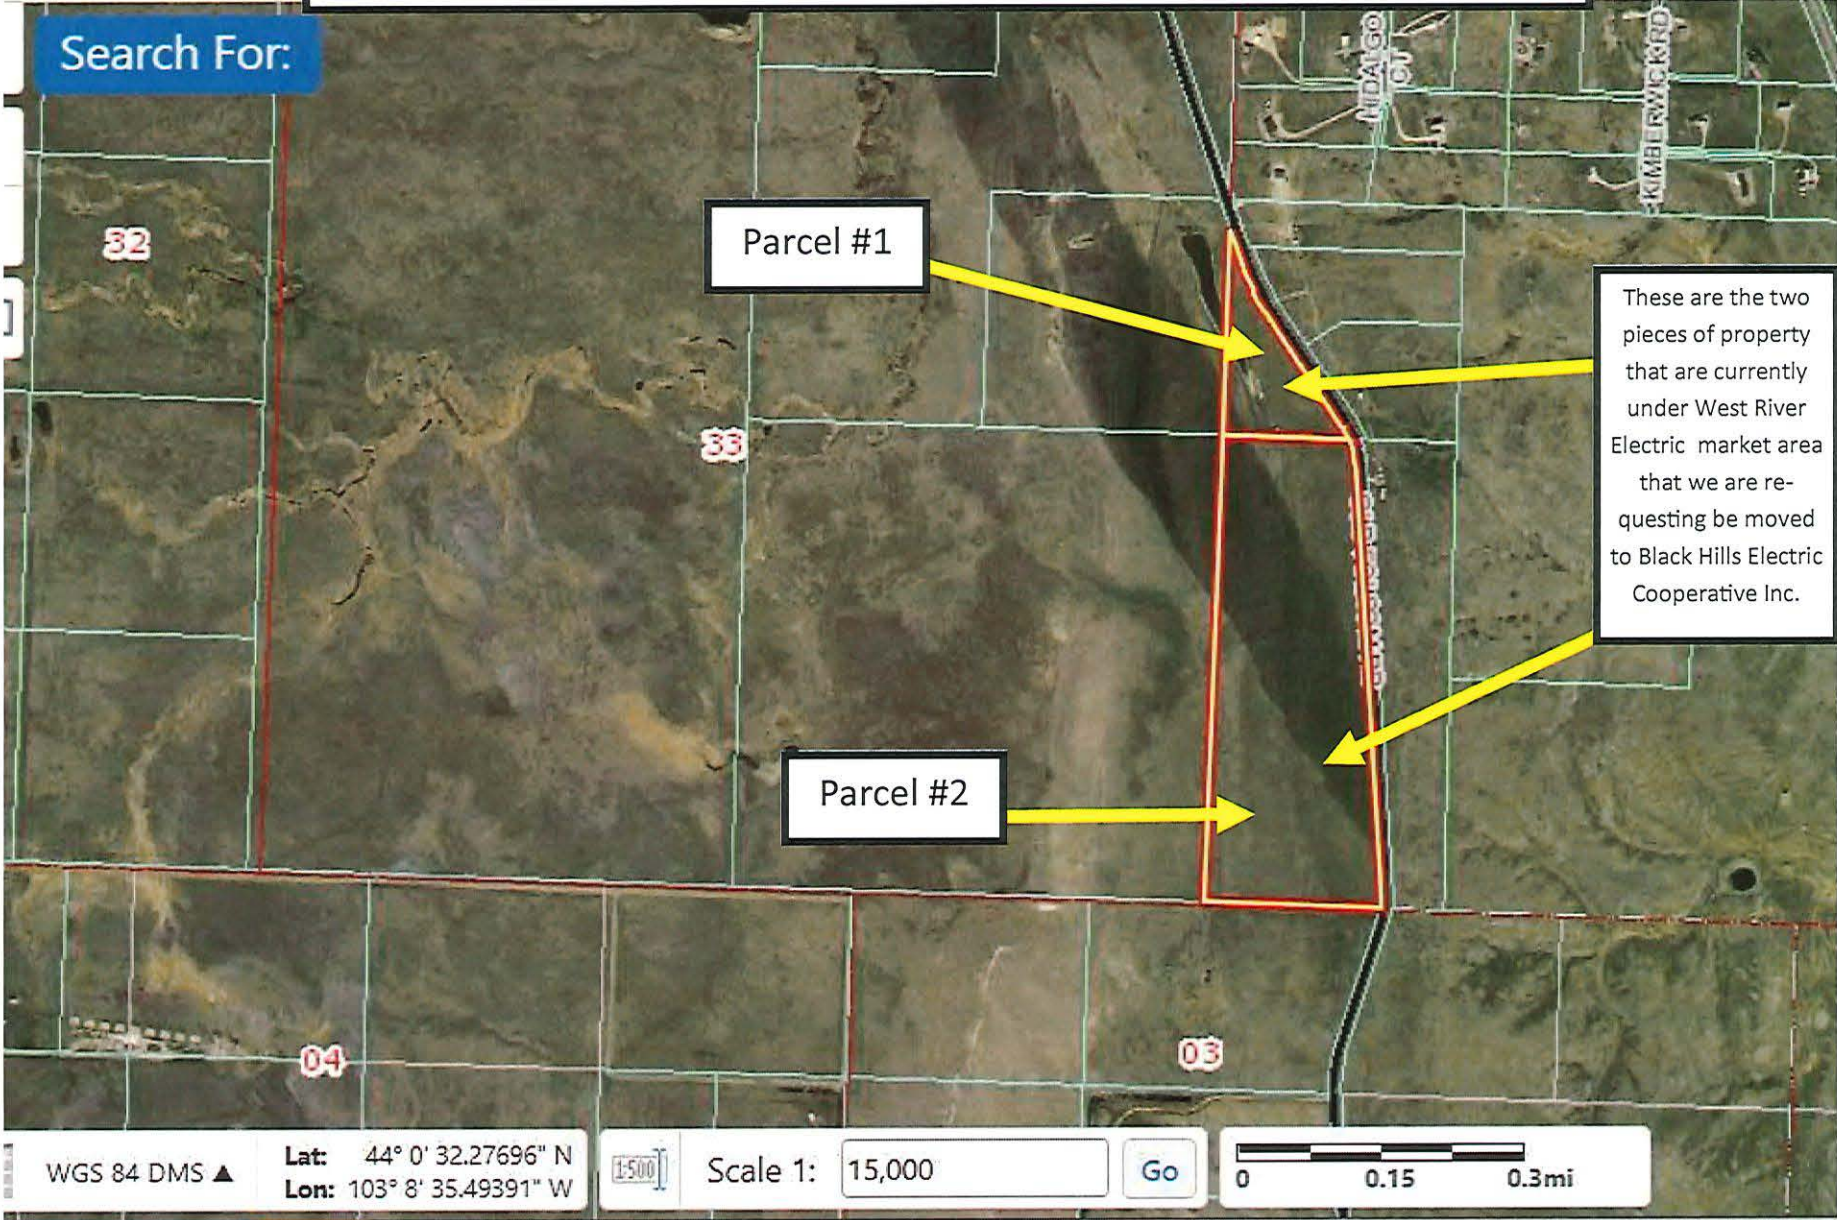

Matt & Jesse,

We have talked with both of you about having West River Electric allow Black Hills Electric Coop Inc. to take over the small share of West River Electric's territory along the west side of Old Folsom Road. Please consider this our formal request and we've attached a map and the legal descriptions of the property we're requesting be moved from WRE to BHEC.

The land is owned by Mitch Morris and Mitch was directly involved in this request and wants it to happen. I have copied Mitch on this email (Mitch's email is bhexcavating@rushmore.com). Thank you for allowing this to happen!

Brian Hammerbeck and Mitch Morris
