Question:

On page 5 of the application Xcel states that 5 projects are in the Customer Lighting queue. Have any of these 5 projects been approved?

Response:

Yes, four of the five projects have been pre-approved which means they are moving forward and awaiting completion. The Company will need to obtain invoices and customer confirmation that the projects have been completed. Additionally, one project is still being defined by the customer and has not yet been approved to move forward.
