RE: MidAmerican Energy Company

Dear Ms. Van Gerpen:

The accompanying revised electric tariff sheets issued by MidAmerican Energy Company ("MidAmerican") are transmitted to you for filing:

MidAmerican Energy Company
Section No. 3

5th Revised Sheet No. 65
5th Revised Sheet No. 66

Canceling 4th Revised Sheet No. 65
Canceling 4th Revised Sheet No. 66

Effective: August 15, 2022

Enclosed herein for filing are revised tariff sheets to update Rate QF - Cogeneration and Small Power Production Facilities tariff rate for MidAmerican's current avoided costs for the 12-month period beginning August 2022. The energy and capacity credits are based on the marginal energy cost and the market value of capacity cost data used to produce MidAmerican's 2022 PURPA Avoided Cost Report filed previously and attached for reference.

MidAmerican does not currently have any customers taking service under Rate QF. Since MidAmerican's filing in 2020 (EL20-021), MidAmerican has received two inquiries about interconnection options but neither inquirer submitted an interconnection request.

The market dispatch methodology used to calculate the energy credits is the same as the methodology used in MidAmerican's 2020 avoided cost rate filing except for PROMOD IV being replaced by Aurora.

Please contact me at (563) 333-8382 or dlvotino@midamerican.com if you have any questions.

Sincerely,

/s/

Diane Votino
