**REQUEST FOR CONFIDENTIAL TREATMENT OF INFORMATION**

1. Otter Tail requests confidential protection and treatment of the confidential portions of its 2022-2036 Resource Plan. The information is marked "PROTECTED."

4. The claim for protection is based on ARSD § 20:10:01:39 (4) and SDCL § 37-29-1 (4). The information contained within the confidential portions of this report meets the definition of "trade secret" under the SDCL § 37-29-1(4), the South Dakota Uniform Trade Secret Act, which defines the term as information that "Derives independent economic value, actual or potential, from not being generally known to, and not being readily ascertainable by proper means by, other persons who can obtain economic value from its disclosure or use, and... is the subject of efforts that are reasonable under the circumstances to maintain its secrecy."

5. The confidential portions this filing contain updated development cost and related information concerning Otter Tail’s proposal for dual fuel capability at Astoria Station, including projected project costs and fuel sources.

6. Otter Tail believes that disclosure of the information would provide a competitive advantage to vendors and bidders seeking to do business with Otter Tail, as well as to Otter Tail’s competitors, affecting the competitive procurement of electric energy and electric generation resources to the detriment of Otter Tail’s South Dakota customers. Accordingly, Otter Tail respectfully requests that the Commission authorize confidential protection and treatment of this information.
