

Customer Notice – Bill Message

On May 1, 2023, we filed a petition with the South Dakota Public Utilities Commission for approval of a \$0.00035 per kWh decrease to our Energy Efficiency Partnership (EEP) Cost Recovery Rider. This rider allows us to recover costs associated with energy-efficiency programs and education for our South Dakota customers.

The filing can be found at <https://puc.sd.gov/Dockets/Electric/2023/>.

Customers may join with 24 others to file a written objection to this decrease and to request the South Dakota Public Utilities Commission suspend the rate and hold a public hearing on the filing.
