

South Dakota customer notice

The South Dakota Public Utilities Commission approved our request to decrease our Phase-In Rider, which includes two components. The first component is a percent of base rates designed to recover costs associated with generation projects and streamline approved adjustments to our customers. The second component is a monthly per-meter charge to recover Advanced Grid Infrastructure costs (which include Advanced Metering Infrastructure, an Outage Management System, and Demand Response investments). This rider helps ensure we can continue to provide you with safe, reliable service.

The percentage applied to customer bills will decrease from 10.181 percent to 6.498 percent on September 1, 2023.

The table below summarizes the monthly per-meter charge for each metered rate class.

Class	Per-meter charge
Residential	\$0.52
Residential RDC	\$1.26
Farm	\$1.23
General Service	\$2.00
General Service TOU	\$4.10
Large General Service – Primary / Transmission	\$14.91
Large General Service – Secondary	\$4.81
Irrigation Service	\$3.36
Outdoor Lighting (Metered)	\$1.28
OPA (Metered)	\$1.43
Controlled Service Water Heating	\$1.26
Controlled Service Interruptible - Small Dual Fuel	\$1.28
Controlled Service Interruptible - Large Dual Fuel	\$5.15
Controlled Service Deferred	\$1.57

The table below applies to bills rendered on and after September 1, 2023. A residential customer using 1,000 kWh in a month will see a bill decrease of \$3.29.

Usage (kWh)	Prior rates	Percent of bill decrease (in dollars)	Per-meter Charge decrease	Total decrease	New rates	Overall Percent of bill decrease
1,000	\$114.40	(\$2.67)	(\$0.62)	(\$3.29)	\$111.11	(2.876) %
