Response to: SD Public Utilities Commission

Analyst: Eric Paulson

Date Received: February 28, 2024

Date Due: March 13, 2024

Date of Response: March 13, 2024

Responding Witness: Svetlana Fedje, Pricing Analyst - (218) 739-8799

---

Data Request:

When solar RECs are available, will OTP use some sort of a blended REC rate or will there be two options for My RECs for wind or solar?

Attachments: 0

Response:

Otter Tail anticipates using a blended rate if both solar and wind are used for the My RECs program. Otter Tail has more wind resource than solar resource at this point and expects that wind RECs will be the primary source of My RECs.
