

MidAmerican Energy Company
Response to South Dakota Public Utilities Commission Data Request
Docket No. EL24-022

1-3. Provide the type of generation, the design capacity of the QF, the kWh and kW purchased from the QF customer each month to-date, and the energy and capacity payments to-date for the customer taking service under Rate QF.

Response:

MidAmerican has one South Dakota customer on Rate QF. The type of generation is photovoltaic, and the design capacity is 6.96 kW AC. The monthly kW and kWh volumes and purchase amounts paid to the QF customer are shown in the table below.

Month	kWh volumes purchased from QF	kWh purchased from QF	kW volumes purchased from QF	kW purchased from QF	Total Energy and Capacity Credits
Dec-23	0	\$0.00	0	\$0.00	\$0.00
