RE: MidAmerican Energy Company

Dear Ms. Van Gerpen:

The accompanying revised electric tariff sheets issued by MidAmerican Energy Company ("MidAmerican") are transmitted to you for filing:

MidAmerican Energy Company  
Section No. 3

6<sup>th</sup> Revised Sheet No. 65  
6<sup>th</sup> Revised Sheet No. 66

Canceling 5<sup>th</sup> Revised Sheet No. 65  
Canceling 5<sup>th</sup> Revised Sheet No. 66

Effective: August 15, 2024

Enclosed herein for filing are revised tariff sheets to update the Rate QF - Cogeneration and Small Power Production Facilities ("Rate QF") tariff to reflect MidAmerican's current avoided costs for the 12-month period beginning August 2024. The energy and capacity credits are based on the marginal energy cost and the market value of capacity cost data used to produce MidAmerican's 2024 PURPA Avoided Cost Report filed previously and attached for reference.

Since MidAmerican's filing in 2022 (EL22-018), MidAmerican has received two inquiries about interconnection options. One of those customers began taking service under Rate QF in December of 2023. The other one has also requested service under Rate QF but as of the date of this filing, has not completed the interconnection process.

The market dispatch methodology used to calculate the energy credits is the same as the methodology used in MidAmerican's 2022 avoided cost rate filing.

Please contact me at (563) 657-6143 or [diana.votino@midamerican.com](mailto:diana.votino@midamerican.com) and [regulatedpricing@midamerican.com](mailto:regulatedpricing@midamerican.com) if you have any questions.

Sincerely,

*/s/ Diane Votino*
