Ms. Sundvold,

This is in response to your email to the South Dakota Public Utilities Commission regarding the requested Deuel Harvest Wind Energy South project siting permit, docket [EL24-023](#).

The commission received an application for this proposed project on June 28, 2024, resulting in the opening of this docket. The docket is being reviewed by my fellow commissioners and me and PUC staff. You will learn more about this docket as information is requested by commissioners and staff, filed in the online docket and publicly available in the months ahead.

This [Information Guide](#), posted online, helps explain the commission's processing of such a docket.

Thank you for sharing your view that some of the proposed project's specific turbine locations may impact aviation in the area. Your message and my response will be posted under Comments and Responses in the online docket.

Kristie Fiegen, Chairperson  
South Dakota Public Utilities Commission
