Subject: EL24-023

Ms. Hilton,

This is in response to your email and letter to the South Dakota Public Utilities Commission regarding the requested Deuel Harvest Wind Energy South project siting permit, docket [EL24-023](#).

The commission received an application for this proposed project on June 28, 2024, resulting in this docket being opened. The docket is being reviewed by my fellow commissioners and me and PUC staff.

A public input meeting on this docket will be held at 5:30 p.m. on Thursday, Aug. 22, at the Clear Lake Community Center and I encourage you to attend. You will also learn more as further information is requested by commissioners and staff, filed in the online docket, and publicly available in the months ahead.

This [Information Guide](#) may help explain the commission's processing of a docket such as this.

Thank you for your letter presenting your view on the proposed project's benefits to NCSRCC and Millwrights Local Union No. 548 members via the infrastructure investment it may create. Your email, letter and this response will be posted under Comments and Responses in the online docket.

Kristie Fiegen, Chairperson
South Dakota Public Utilities Commission
