Subject: EL24-023

Mr. Toben,

This is in response to your message to the South Dakota Public Utilities Commission regarding the requested Deuel Harvest Wind Energy South siting permit, docket [EL24-023](#).

The commission received an application for this proposed project on June 28, 2024, resulting in this docket being opened. The docket is currently being reviewed by my fellow commissioners and me as well as PUC staff. You will learn more as information continues to be requested by commissioners and staff, filed in the online docket and publicly available.

This [Information Guide](#), posted online, helps explain the commission's processing of a siting docket like this one.

Thank you for sharing your opinion regarding the proposed project's effect on funding for the area schools, townships, county and roads, as well as the stress of the construction phase. Your message and my response will be posted under Comments and Responses in the docket.

Kristie Fiegen, Chairperson
South Dakota Public Utilities Commission
