Subject: [EXT] South Deuel Wind Project

Dear SDPUC,

I would like you to know that I support the wind project in Southern Deuel county to also bring in some tax dollars to the school district. The project would also bring in some additional farm income for the lean years in farming.

I own a farm in the project area and look forward to some better roads. I noticed the new wind towers make less noise than earlier projects.

Thanks for your time and service.
