**Subject:** [EXT] PUC Docket# EL24-023 South Deuel Wind Project

Dear PUC Staff and Commissioners,

I am a landowner in the proposed South Deuel Wind Project area. I want to encourage the Public Utilities Commission to approve this project.

This project would align nicely with completed wind projects to the north and south. This project would make good use of the abundant wind in this area and tie in nicely with existing distribution infrastructure. I am pleased with the work that has been done on the wind tower layout for the area.

This project would provide additional funds for local schools, townships, Deuel county and the state of South Dakota. It will also benefit my retirement income by supplementing the cash rent received from local farmers/ranchers. I inherited my land from my uncle and dad, which was previously owned by my grandparents. I am proud to own land in Deuel county.

Please provide your support and allow this project to move forward.

Thank you,  
Jon T. Jacobson
