Ms. Krause,

This is in response to your letter to the South Dakota Public Utilities Commission regarding the requested Deuel Harvest Wind Energy South project siting permit, docket [EL24-023](#).

The commission received an application for this proposed project on June 28, 2024, resulting in the opening of this docket. The application and related docket filings are being reviewed by my fellow commissioners and me as well as by PUC staff.

I encourage you to attend the public input meeting on this docket to be held at 5:30 p.m. on Thursday, Aug. 22, at the Clear Lake Community Center. You will learn more there and as further information is requested by commissioners and staff, filed in the online docket, and publicly available in the months ahead.

This [Siting Informational Guide](#) may help you in understanding the processing of such a docket by this commission.

Thank you for sharing your view on the proposed project's financial support for the local township and Deuel County governments, in addition to landowners in the project area and those benefitting from the construction and permanent jobs provided by the proposed project. Your letter and this response will be posted under Comments and Responses in the online docket.

Kristie Fiegen, Chairperson
South Dakota Public Utilities Commission
