The commission received an application for this proposed project on June 28, 2024, resulting in the opening of this docket. The docket is being reviewed by my fellow commissioners and me and PUC staff. You will learn more as information is requested by commissioners and staff, filed in the online docket and publicly available in the months ahead.

This [Information Guide](#), posted online, helps explain the commission's processing of such a docket.

Thank you for sharing your opinion of the proposed project and its turbine locations in regard to aviation as well as landowners' and Deuel County's economics. Your message and my response will be posted under Comments and Responses in the online docket.
