Ms. Bruns,

This is in response to your message to the South Dakota Public Utilities Commission on Aug. 11, 2024, regarding the Deuel Harvest Wind Energy South siting permit request, received by the commission on July 28, 2024, docket [EL24-023](#).

This docket is currently being reviewed by my fellow commissioners and me as well as PUC staff. A public input meeting on this docket will be held at 5:30 p.m. on Thursday, Aug. 22, at the Clear Lake Community Center. I encourage you to attend to learn more about the proposed project.

This [Information Guide](#) helps explain the commission's processing of a docket such as this.

We appreciate receiving your comments relaying how this project, if permitted and built, would benefit your family, area schools, townships and the state of South Dakota. Your message and my response will be posted under Comments and Responses in the docket.
