Mr. Willner,

This is in response to your letter to the South Dakota Public Utilities Commission, received July 29, 2024, regarding the requested Deuel Harvest Wind Energy South project siting permit, docket EL24-023.

The commission received an application for this proposed project on June 28, 2024, resulting in this docket being opened. The docket is being reviewed by the commission and PUC staff.

A public input meeting on this will be held at 5:30 p.m. on Thursday, Aug. 22, at the Clear Lake Community Center and I encourage you to attend. You will learn more as further information is requested by commissioners and staff, filed in the online docket, and publicly available in the months ahead.

The enclosed Siting Informational Guide may help you in understanding the processing of such a docket by this commission.

Thank you for reaching out to share your view on the proposed project for the economy and people of Deuel County. Your letter and this response will be posted under Comments and Responses in the online docket.

Sincerely,

Kristie Fiegen
