

INFRASTRUCTURE RIDER RATE

Effective May 1, 2025

The Infrastructure Rider Adjustment, which recovers the costs and expenses of capital projects, is decreasing from \$0.001366 per kWh to -\$0.005689 per kWh. Assuming the same usage level from the prior month, this negative rate would reduce your bill. The South Dakota Public Utilities Commission has approved the Infrastructure Rider Adjustment as a separate line item on your monthly electric bill beginning May 1, 2025.
