Xcel Energy Data Request No. 1-20

Docket No.: EL24-016

Response To: South Dakota Public Utilities Commission

Requestor: Eric Paulson
Date Received: August 2, 2024

Question:

Provide an updated filing attachments with the necessary attachments showing the charges, rates, and tables removing the Heat Pump program starting in calendar year 2025. (The Petition itself does not need updating at this time)

Response:

Removing the Heat Pump Water Heater Program would affect Attachments D1, D2, D3 and E as it results in a new DSM Rider. Based on this update, our original proposed 2025 rate of \$0.000453/kWh decreased to \$0.000452/kWh.

The Company has provided updated versions of these attachments with the budget and participation for the Heat Pump Water Heater Program removed. Tariff documents (D4) would be updated upon the Commission Order.

Preparer: Karl Shlanta
