On February 14, 2025, the South Dakota Public Utilities Commission (Commission) received MidAmerican Energy Company's (MidAmerican) filing for approval of tariff revisions regarding its Transmission Cost Recovery (TCR) 2024 Reconciliation and 2025 New Factor Calculation. MidAmerican's TCR mechanism was established in the company's most recent rate case, EL14-072. With this filing, MidAmerican is establishing new TCR rates based on true ups to the actual over/under recovery from 2024, 2025 forecasted Midcontinent Independent System Operator transmission expense, and the forecasted over/under recovery for January through March of 2025. MidAmerican requested the new TCR factors have an effective date of April 1, 2025.

On February 20, 2025, the Commission electronically transmitted notice of the filing and the intervention deadline of March 7, 2025, to interested entities and persons on the Commission's PUC Weekly Filings electronic listserv. No petitions to intervene or comments were filed. On February 27, 2025, MidAmerican filed a revised application with a revised 2024 TCR Reconciliation and 2025 New Factor Calculation and corresponding workpapers.

The revised tariff sheet, effective for service rendered on or after April 1, 2025, is as follows:

South Dakota Electric Tariff Schedule No. 2

SD P.U.C. Sec. No. 3

At its regularly scheduled meeting on March 25, 2025, the Commission considered this matter. Having thoroughly reviewed the filings in the docket, the Commission found the TCR rates and tariff revisions to be just and reasonable.
