Subject: [EXT] MRES Application Extension - Deuel County

Public Utilities Commission,

As a resident of Deuel County I am asking the Commission to deny/not allow any extensions to the MRES application for the proposed power plant for Scandinavian Township in Deuel County.

The matter of this power plant should be settled. This project was rejected by a 2 to 1 margin with 922 Deuel County residents voting against the project.

MRES is clearly exploring ways to bypass the wishes of the people of Deuel County.

The PUC should definitely not entertain any extensions or other requests by MRES to keep Deuel County as a viable project location. Any action otherwise by the PUC directly defies the clear wishes of the residents of Deuel County.

It is an insult to the people of Deuel County to have to continuously combat this unwanted project.

Thank you,

Tony Quail
