--	---

COMES NOW Sioux Valley – Southwestern Electric Cooperative, Inc., East River Electric Power Cooperative, Inc., and Basin Electric Power Cooperative, by and through their undersigned counsel, and hereby submit the following second set of data requests to Xcel Energy.

Please specify the responder when answering each request. These requests are continuing in nature, and responses should be seasonably supplemented or supplemented as required by any Commission scheduling order. Responses should be returned to the Intervenor identified above no later than 5:00 p.m. CT, ten business days after service of this second set of data requests.

2-1. Please identify the location at which the proposed construction of the 10 miles of 34.5 kV line would terminate.

2-2. Please indicate whether it would be necessary to construct on-site electrical distribution system to enable Knife River to receive service from Xcel Energy.

2-3. If it is necessary to construct on-site electrical distribution to enable Knife River to receive service from Xcel Energy, please indicate whether Xcel Energy or Knife River is to bear the cost for such construction.

2-4. If it is necessary to construct on-site electrical distribution to enable Knife River to receive service from Xcel Energy, please indicate the estimated cost for such construction.

2-5. If it is necessary to construct on-site electrical distribution system to enable Knife River to receive service, please indicate whether Xcel Energy or Knife River would be responsible for the maintenance of such on-site electrical distribution system.

2-6. Please identify what equipment and/or infrastructure Knife River will be required to install at Knife River's cost to complete the on-site electrical distribution system, including the technical details and any engineering documentation of the capability of these new facilities.

2-7. Will the existing plant and new Rock Crushing Plant as described in the Petition of Knife River be connected electrically? If so, describe in detail how they will be connected electrically and provide any documents/plans for the connection.

2-8. Please state whether Xcel expects to serve any facilities other than the Rock Crushing Plant located at or near 25944 482nd Ave, Brandon, South Dakota, and provide all working papers utilized to make those projections.

2-9. Please identify the specific Xcel Rates, Charges, Sheet No's., General Rules and Regulations, and Customer Service Forms applicable to Knife River's new Rock Crushing Plant.

Dated this 19th day of December, 2025.
