Requestor:	Mike Nadolski, Daniel Brown, Meredith Moore		
Date Received:	December 19, 2025		

Question:
Xcel's SD Electric Rate Book – SDPUC No. 2, Section 6 General Rules and Regulations, Sheet No. 20, 4.2, states that all wiring and equipment on the customer's side of the point of connection, except metering equipment, will be furnished, installed, and maintained at the customer's expense. Is there a current estimate of this expense for the Rock Crushing Plant ("Plant")? If so, please provide the estimate.

Response:
No, Xcel Energy will only provide and install meter and associated equipment to allow Xcel Energy to obtain meter data. All other expenses will be the customer's responsibility, and Knife River has not provided any information regarding that cost to Xcel Energy.
