

Customer notice

The South Dakota Public Utilities Commission approved our request to update our Real Time Pricing Rider and associated updates to our Index, Matrices, and Rider Rate Schedules, effective January 1, 2026.

This voluntary rider allows customers currently enrolled in the rate to pay market rates for energy on an hourly basis. They'll also pay all costs charged by the Midcontinent Independent System Operator (MISO) directly rather than as part of the Energy Adjustment Rider, so long as they meet other rider requirements. This rider does not affect any other rates or customers.

For more information, contact us at 800-257-4044 or visit otpc.com.
