Bob
Southeastern Electric
PO Box 388
501 S Broadway Avenue
Marion, SD 57043

Bob,

Please consider this my formal request to have my new farm-site near Menno, serviced by B-Y Electric due to the proximity of the nearer connection point.

I realize my farm-site is just outside of B-Y Electric's service area, however the cost of installation is substantially less.

I have included a plot map showing the location of my farm-site, which also shows the connection point to B-Y Electric.

Let me know if you have any questions; construction is planned for this spring.

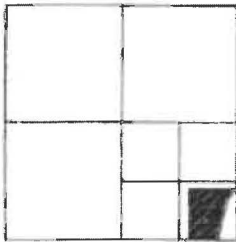

Thank you!

Sincerely,

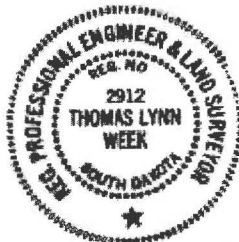

Robbie Kirschenman
