**RE: Infrastructure Rider Rate 56  
Copy of Bill Insert Reflecting Approved Rates Docket No. EL25-039**

Dear Ms. Mohr:

Montana-Dakota Utilities Co. (Montana-Dakota or Company) herewith electronically submits a copy of the bill insert that will be included with customers' bills following Commission approval of the proposed Infrastructure Rider (IR) rate in the above referenced docket.

The Company has historically included two inserts with customers' bills surrounding a change in its IR rate. The first insert was included as Attachment G to the Company's October 31, 2025 filing and reflects the insert included with customers' bills following the Company's application. The insert serves to notify customers of the Company's request to the Commission to change its IR rate. The second insert included with customers' bills follows Commission approval and is included with bills reflecting the new rates and is attached hereto. This second insert reflects the six levels of consumption, the bills at the new and prior rates, the difference between those rates and the percent change. The second insert is subject to change from that filed due to changes in rates that may occur between the time of the IR filing and final approval of the IR rate that are reflected in the new and prior bills. The Company will include both inserts in its IR filings going forward.

Please contact me at (701) 954-9072 or [tyler.culbertson@mdu.com](mailto:tyler.culbertson@mdu.com) if you have any questions regarding this submittal.

Sincerely,

*s/ Tyler J Culbertson*

Tyler J Culbertson  
Director of Regulatory Affairs
