

To whom it may concern:

This is a written objection to the proposed rate increase of Black Hills Power's Feb 19, 2026 application to increase its electric rates.

We request that the commission suspend the rate increase and hold a public hearing to determine if such rate increase should be allowed, pursuant to SDCL § 49-34A-12.

As indicated in the letter, and according to the SDCL, attached are the names of the 25 people objecting.

Thank you,

The undersigned on the following page.
