Subject: [EXT] Black Hills Power rate increase

My name is Roger Fischer. I live at [REDACTED] Belle Fourche, SD 57717. Phone [REDACTED]
[REDACTED]

I get my electricity from Black Hills Energy, from whom I recieved notice for a susbstantial rate increase. The notice states that the company is seeking a 25.1% hike in rates. It is my opinion that this amount of increase is excessive and should be denied. There many are people on fixed incomes such as myself that cannot keep up with these excessive rate hikes. A more resonable increase should be explored.

Sincerely
Roger Fischer
