Date of Response: May 28, 2026

Responding Witness: Cristina Zuniga, Supervisor, DSM Administration - 218-739-8240

Data Request:

With the proposed elimination of the Direct Install program, what other program budgets will be increasing and by how much to include the \$13,000 budget previously applied to the Direct Install program?

Attachments: 0

Response:

Otter Tail Power would like to reallocate the \$13,000 from the Commercial Direct Install Program to the Commercial Drive Power Program. Drive Power consistently performs well in terms of savings and has exceeded its budget in past years due to the large number of rebates distributed through the program.
