Public Utilities Commission
Capitol Building, 1st Floor
Pierre, SD 57501-5070

To Whom it May Concern,

On May 11, 2026, on behalf of the City of Vermillion and Clay-Union Electric I submitted an Electric Service Territory Memorandum of Understanding to swap portions of our respective electric service territories. The original submission included four documents; an Agreement, a letter, a redlined draft of the updated service territory description and a clean version of the updated service territory description.

During PUC staff review an error in the legal description was identified. We would like to submit the enclosed updated legal description to address that error. Enclosed you will find a red-lined and a clean version of the corrected legal description. Changes have been made to page 4, bullets 51-56 and page 9, bullets 20-23 to reflect the updated service territory boundary. PUC Staff also asked that we submit two plats that are relevant to the territory swap, those are enclosed as well.

The City of Vermillion and Clay-Union Electric respectfully request that the South Dakota Public Utilities Commission approve the Electric Service Territory Memorandum of Understanding and allow the territory swap and update all relevant territory descriptions.

If there are any questions, please contact me at shaneg@cityovermillion.com or by phone at 605-677-7084.

Sincerely,

A handwritten signature in blue ink, appearing to read "SG", with a long horizontal flourish extending to the right.

Shane Griesse
Utilities Manager
City of Vermillion
