**Re: In the Matter of Otter Tail Power Company's Petition for Approval of Rate Schedule, Section 13.09, Phase-In Rider
Docket No. EL26-016
Amended Filing**

Dear Ms. Mohr:

Enclosed please find Otter Tail Power Company's (OTP or the Company) Amended Filing to the above referenced Docket. This Amended Filing includes a request to implement changes to the Section 13.09 Phase-In Rider electric rate schedule.

The September 22, 2026 Amended Settlement Compliance Filing in Docket No. EL25-022 corrected the Small General Service and General Service per-meter charges appearing on Sheet No. 3 of Section 13.09. As a result, the tariff sheet sequence for Sheet No. 3 included in this Phase-In proceeding has been revised. An updated Schedule of Changes is therefore included with this filing to reflect the corrected sheet designation.

Although the correction affects only Sheet No. 3, the Company is submitting both Sheets No. 2 and No. 3 with this amended filing. These sheets incorporate all revisions included in the original Phase-In filing, subsequent Phase-In supplements, and the amended Sheet No. 3 filed as part of the rate case compliance proceeding. Providing both sheets in this filing presents a complete and current version of the proposed Section 13.09 tariff revisions for Commission review and avoids the need to reference multiple filings to determine the final proposed tariff language.

If you have any questions regarding this filing, please contact me at 218-739-8728 or agrenier@otpc.com.

Sincerely,

/s/ *AMBER GRENIER*
