Subject: Re: [EXT] PowerOn Midwest Xcel Energy Transmission Line BRK-0625 Blackfork LLC

Robert,

You seemed quick to dismiss the HVDC option. Do you have a technical background? (I have a degree in industrial control electronics.)

Please forward the attached letter to Xcel's engineering team. I would like written response.

I would also like this letter to be part of my objection file on the docket.

Thank you

Gordon
