To whom it may concern:

Chris Nelson, Kristi Fiegen and Gary Hansen:

Your response is very upsetting to our local people. It all means the local people have to travel further during harvest season to get to the meetings. Most of the people who live in the towns where you are holding the meetings are not being asked to give up their private property rights for this project. The resident land owners ALL LIVE MUCH CLOSER TO THE SUGGESTED LOCATIONS.

What this says to me, decisions were made before the application was even turned in. Pretty difficult for the average citizen to have the same "leg up" status as Power On Midwest.

Sincerely,

Mary Nosbush
