**Subject:** [EXT] Oppose 765 Power Line

I am writing to voice my opinion on the 765 Power Line being proposed for Brookings County. As a Brookings County resident for over 55 years, I strongly oppose this. I am 65 years old and totally disabled. I cannot pay anything more for my utilities than I already do. My budget is stretched so thin now that I cannot afford any increase. Please take my opinion in mind when considering this. I'm more than happy to be contacted if necessary. My contact information is below.  
Thank you.
