In the Matter of the Application of Xcel Energy and Otter Tail Power Company for an Energy Facility Permit to Construct the PowerOn Midwest Project Consisting of a 765-kV Transmission Line, a 345-kV Transmission Line, and Associated Facilities

APPLICATION FOR PARTY STATUS

EL26-026

Alan Lounsbery, petitions the Public Utilities Commission to be granted party status in this proceeding.
(Name of Applicant. This will be the person or entity named as a party.)

Place a check mark next to each item below that applies to you, adding a mileage number where requested.

☑ I am a person or organization that received official notification of the project via U.S. mail from the siting permit applicant.

☑ I reside within 1/2 miles of the proposed project.

Residential address if different from your mailing address:

_____

☑ I own land within 1/2 miles of the proposed project.

Legal description: 12-117-48

_____

☐ I officially represent a municipal, city, township, county or other affected governmental agency within _____ miles of the proposed project.

☐ I represent a utility company with facilities within _____ miles of the proposed project.

Explain your interest in applying for party status below.

My concerns are:
1 My house is within 1/2 mile of the proposed site. I think that is to close.
2. How am I going to be compensated for decreased value of my land? Annual payment would make more sense than a one time easement.
3. There is very little information on 745KV health risks because they are so large and few have been built.
4. We had a 345KV line built in 2017 1 mile east of the proposed site. This is too much in my community. Build the line straight east into Minnesota where they want it.
Thank you.
