While investigating the Volume of electricity That goes Through the wires. We do not want this through or near our property
my investigation showed that it would be Close enough to possibly cause sterilazation in our dogs. Since we are dog breeders + Trainers This is not acceptable,
With dogTraing, the dogs have Training Collars These emit a warning buzz at times to get their attention. With the buzz emitted for the lines they would not be able to interpet the correct lesson.
Please do not do thies by our property
