☐ I represent a utility company with facilities within _____ miles of the proposed project.

Explain your interest in applying for party status below.

We do not want there to be high voltage power lines running through our property, farm land, nor in cattle pastures. This would negatively affect our farming efficiency and aerial applications. We have homes already close to the proposed site and plan to build a home in a farm site where the proposed power lines are planned to come through. There is a well for water already in this farm site (Section 9 N125-50-W).
