AGREEMENT FOR ELECTRIC SERVICE TERRITORY EXCEPTION

Sioux Valley Southwestern Electric Cooperative, Inc., doing business as Sioux Valley Energy (SVE) and The City of Madison SD electric utility (City) agree to an exception to the Sioux Valley Energy service territory permitting the City to provide electric service to lighting consisting of LED Lighting for a small utility shed, flagpole and Cross with Corpus, located in the northwest quarter of Section 18, Township 106N North, Range 52 West in Lake County, South Dakota. A drawing of the service site, Exhibit A, is attached.

The Parties have concluded that, in this instance, the customer's interest will be best served by receiving service from the City. The Parties also agree that future instances where territory boundaries become a factor should be dealt with on an individual basis.

The consent provided on the part of SVE is limited to the said lighting service for the cemetery and will automatically terminate upon removal or abandonment of such lighting. However, the service territory rights exception agreed upon herein will remain for the life of the said lighting service, no matter the owner of the property, unless otherwise agreed upon by SVE and the City. The consent to the territory exception will stay with the property should the property no longer be a cemetery.

This exception is not to be construed as having any impact upon or indicating a desire to change the service area assigned to Sioux Valley Energy by the South Dakota Public Utilities Commission.
