South Dakota Data Request

4-6) If there is a backlog of customers, please describe any follow-up conversations between MidAmerican and customers waiting for the rebate. More specifically, does MidAmerican believe that the customers are expecting to receive the furnace rebate?

Response:

MidAmerican believes that our customers do expect to receive furnace rebates. MidAmerican has not been actively discussing the Residential Equipment program funding with our customers or trade allies. The customers have submitted rebates and MidAmerican has suspended processing the 2014 residential equipment gas rebates until the funding issue is resolved.
