Re: MidAmerican Energy Company's Petition to Update Program Costs for Energy Efficiency Plan
Docket No. GE14-001 – Response to Staff Data Requests

Dear Ms. Van Gerpen:

On October 10, 2014, MidAmerican Energy Company (MidAmerican) filed a request to update its 2014 Energy Efficiency Plan. South Dakota Public Utilities Commission Staff (Commission Staff) served data requests to MidAmerican on October 17, 2014, regarding the request. Enclosed for filing, please find MidAmerican's response to Commission Staff data requests.

In calculating the customer impacts, MidAmerican discovered an inadvertent error in the amount of increase to spending for the Gas Residential Equipment program. MidAmerican requested approval for an increase of \$573,662, but respectfully requests that the increase be adjusted to allow for an increase of \$550,142. The enclosed data request responses are based on the revised requested increase of \$550,142.

MidAmerican personnel are available to meet with the Commission and Commission Staff regarding specific details of the revised filing. If you have any questions, please feel free to contact me at 563-333-8006.

Sincerely,

/s/ Jennifer S. Moore
