Re: MidAmerican Energy Company's 2016 Update Program Costs for Energy
Efficiency Plan
Docket No. GE15-005

Dear Ms. Van Gerpen:

Pursuant to the South Dakota Public Utilities Commission's (Commission) Order in Docket No. GE12-005, issued November 27, 2012, MidAmerican Energy Company (MidAmerican) is submitting its 2016 Energy Efficiency Plan Update. In past filings, MidAmerican has provided the update to its plan with the Annual Report, which was filed after the program year began. With this filing, MidAmerican has bifurcated the 2016 Plan Update and associated budget changes so that the Commission may review and approve the plan changes prior to them taking effect in 2016. MidAmerican will continue to file its annual report and revised tariffs in February as it has in the past.

This filing includes MidAmerican's 2016 Plan Update and requested changes to the budget to include rebates for furnaces, ground source heat pumps and lighting measures. Exhibit A contains the budget breakdown by program and customer class. MidAmerican respectfully requests the proposed program changes for 2016 and plan budgets associated with the changes be approved by the Commission.
