

South Dakota Public Utilities Commission
Docket GE17-002
MidAmerican Energy Company
Second Data Request

Responder Name: Tina M Yoder
Job Title: Energy Efficiency Implementation Leader
Phone: 563-333-8045

2-5 South Dakota Data Request

For each measure that will be rebated in in the 2018-2022 DSM Plan, please provide the amount each rebate will be or how they will be calculated if the rebate is not standard.

Response:

Please refer to 2-5 Attachment 1 for a list of measures and their respective rebate amounts or calculations. The list includes proposed rebates for 2018. MidAmerican will review and consider any changes to federal minimum efficiency requirements, ENERGY STAR qualification requirements and market conditions when developing 2019 - 2022 rebate amounts and qualifying efficiency levels. As with our current plan, rebate amounts and qualification levels will likely not be static during the full course of the five year plan.
