Re: Docket No. GE-17-003

Dear Ms. Van Gerpen:

On May 2, 2019, MidAmerican Energy Company ("MidAmerican") submitted an electric tariff filing in docket GE17-003. MidAmerican inadvertently used an older version for two of the tariff sheets in the filing, Section No. 3, Sheet Nos. 56 and 59.

- Sheet No. 56 should not have included the line 'Reactive Demand Charge: \$ 0.50 per kVar', there is not a reactive demand charge with this rate.
- Sheet No. 59 should have included 'Transformer Ownership Credit: \$ 0.30 per kW' beneath the title Net Monthly Rate per Meter, this rate includes a Transformer Ownership Credit, see Sheet No. 60

These changes (removal of Reactive Demand Charge and addition of Transformer Ownership Credit) were previously included in a filing in Docket EL14-072 on June 12, 2015.

MidAmerican transmits the accompanying electric tariff sheets for filing showing the removal of Reactive Demand Charge: \$ 0.50 per kVar on Sheet No. 56 and the inclusion of Transformer Ownership Credit: \$ 0.30 per kW on Sheet No. 59.

Section No. 3

1st Revised Sheet No. 56

1st Revised Sheet No. 59

Effective: June 1, 2019

Questions about this submission can be directed to me at 563-333-8014 or by email at lmvyncke@midamerican.com.

Sincerely,
