#### THIRD PARTY NOTICE

#### Would you like to be a designated Third Party?

Montana-Dakota Utilities Co. (MDU) has a program available called "Third Party Notice." The purpose of the program is to help avoid any hardship which could result from disconnection of service by alerting a third party to such action in advance. This voluntary program would most benefit customers who are ill or elderly and live alone.

Under the "Third Party Notice" program, if it would be necessary to disconnect service due to nonpayment of past due bills, the customer as well as the designated third party would be notified prior to the disconnect date. The third party would then have the right to contact MDU and declare the customer's inability to pay and enter into a payment arrangement for the customer.

A third party can be a friend, relative, church or any community agency. The designated third party will have the right to receive and provide information regarding the customer's personal circumstances. Please talk with this third party before you tell MDU this person will help you. The third party will not be responsible for payment of the customer's bill.

If your personal circumstances require that a third party be aware of a potential disconnection of your utility service, please complete and detach the form provided and return it to MDU as soon as possible. If you know of someone who might benefit from third party notification, please let them know of it. As individual circumstances frequently may change, Third Party Notices are valid for one year only, and an annual renewal is required. Please complete the form and return it to MDU - even if you have done so before.

For information of public agencies and community organizations which may be able to assist in payment of winter utility bills, please call the telephone number found on your utility bill or write to the MDU office address, also found on your utility bill.

- 9. Refunds for developers of subdivisions shall be made for each lot connected based on the following calculation: Total refundable contribution divided by the number of lots that can be served from the extension equals refund per lot. In addition, the total revenue of the subdivision will be reviewed annually to determine if adequate revenues are being generated so that the contribution formula would indicate a zero contribution. When this revenue level is reached, a refund will be made to the developer equal to the remaining contribution amount still held by the Company.
- 10. No retund shall be made by Company to customer(s) or developer after a five-year period from which initial service is established, nor shall retunds be made in excess of the amount contributed.
- 11. Customer shall assume full responsibility for the manner in which the wiring and electrical facilities owned by him on his premises are installed and maintained. Company's liability shall end at the point of connection of its facilities with Customer's service entrance equipment, and Company shall not be liable for any damage on account of injury or death of person or damage to property due to the condition or failure in operation of Customer's service line or equipment beyond that point. All duties and liabilities in this respect are assumed by Customer.
- 12. Company shall not be liable to Customer for interruptions or suspensions of service on said line.
- 13. If the electric line to be constructed, as provided in Paragraph 1 above, is to provide electric service to more than one customer initially, this Agreement shall not be binding on either party until all customers to be served initially sign a like Agreement or Company begins construction.
- 14. This Agreement does not give Customer a priority to electric service.
- 15. This Agreement shall be binding upon and shall inure to the benefit of the heirs, personal representatives, successors and assigns of the respective parties hereto and any refunds due hereunder shall be made to the owner of the property at the time the refund is due. Further, this Agreement shall expire on December 1, of the year in which it was signed by the Company, or on the following date, \_\_\_\_\_\_\_, whichever is later, if construction of the extension has not begun. If the agreement expires, Company will refund any deposit made by Customer and, thereafter, all partles shall be relieved from any and all further liability in connection with this Agreement.
- IN WITNESS WHEREOF, the parties hereto have duly executed this Agreement as of the day and year first above written.
