Billing Terms and Definitions

The rates reflected on your bill have been approved by the Public Service Commission or Public Utilities Commission in the state where service is provided. Copies of the company's current tariffs are available at www.montana-dakota.com.
Basic Service Charge: A monthly or daily charge designed to recover a portion of the fixed costs incurred in providing utility service regardless of how much energy is used.
Constant: A fixed value used to convert meter readings to actual energy use when certain equipment is used in the metering process such as current and potential transformers.
Cost of Gas: This charge recovers the cost of gas itself as well as other related costs Montana-Dakota incurs from its pipeline suppliers in providing natural gas service. The cost is strictly a pass-through to customers and does not provide Montana-Dakota with a profit.
CTA – Conservation Tracking Adjustment: A charge that provides funding for commission-approved conservation programs.
Demand Charge: A charge designed to recover the demand or peak-related costs associated with the delivery of electric service from the generation source to your meter.
Distribution Delivery Charge or Energy Charge: A volumetric charge to recover the costs of delivering energy to your meter. This amount varies with the amount of energy used.
DDSM – Distribution Delivery Stabilization Mechanism: A charge applicable to gas service designed to adjust for the over- or under-collection of distribution delivery revenues due to actual temperature deviations from normal temperatures. This adjustment is applicable during the billing periods Nov. 1-May 1.
Dk – Dekatherms: The Dk billed is reflective of the total amount of natural gas used in the billing period. The amount of natural gas used as measured by the gas meter is converted to Dk by applying a therm factor to the measured use in order to reflect the heating value of natural gas delivered.
Environmental Cost Adjustment: A charge per Kwh applicable to electric service associated with certain EPA required changes at Montana-Dakota's generating stations.

Fuel and Purchased Power: This charge recovers the fuel and purchased power costs the company incurs in supplying its customers with electricity. This cost is a pass-through to customers and is subject to change on a monthly basis.
Fuel Cost Adj: Adjustment per Kwh to reflect changes in the cost of fuel and purchased power the company incurs in supplying its customers with electricity. This adjustment is a pass-through to customers and is subject to change on a monthly basis.
Generation Rider: A charge per Kwh or Kw for certain investments in electric power generation necessary to meet the requirements of Montana-Dakota's electric service customers.
Kw – Kilowatt: The Kw billed is the peak demand (or maximum 15-minute measured demand) for electricity during the billing period or the minimum Kw amount as stated in the company's tariffs.
Kwh – Kilowatt-hour: The Kwh billed is the total amount of electricity used in the billing period.
Kvar Penalty: A penalty applicable to a customer operating its facilities outside the power factor range stated on the company's tariffs.
Power Supply Cost Adj: Adjustment per Kwh to reflect changes in the cost of fuel and purchased power the company incurs in supplying its customers with electricity. This adjustment is a pass-through to customers and is subject to change on an annual basis.
Renewable Resource Adj/Infrastructure Rider: A charge per Kwh for certain investments in renewable generation.
TCA – Transmission Cost Adjustment: A charge per Kwh applicable to electric service for recovery of transmission-related expenditures and investments net of revenues received from others. The TCA is subject to change on an annual basis.
Therm Factor: The therm factor adjusts the amount of natural gas measured by the meter for the heat content and atmospheric pressure of the gas delivered to a customer's premise. This conversion ensures that all customers are billed based on the heat value of the gas during the applicable billing period.
USBC – Universal System Benefits Charge: A charge that provides funding for conservation and low-income programs.

 Address: _____ \$ _____ Delinquent Amount
 _____ \$ _____ Security Deposit
 Account Number: _____ \$ _____ Reconnect Fee
 \$ _____ TOTAL

We are sorry that it will be necessary for us to disconnect your regular electric service because of unpaid bills. To ease your difficulty, we will install a **SERVICE EXTENDER**. The **SERVICE EXTENDER** will give you only enough electricity to run your heating system, use a few lights, and maybe run your refrigerator.

You can prevent having limited electric service by:

1. Paying your past and present electric bills in full, or
2. Making arrangements to pay MDU your past-due and current bills for electric service, or
3. Advising MDU within the 10-day notice period that disconnection of the utility service or the installation of a Service Extender will endanger the health of a member of the household, or that any member is 65 years of age or older, or handicapped. Disconnection or limitation of service will be delayed for 30 days so you may work out a satisfactory payment plan.

IF YOU DO NOT TAKE ONE OF THE ABOVE ACTIONS YOU ARE HEREBY NOTIFIED THAT A SERVICE EXTENDING DEVICE WILL BE INSTALLED ON THE ELECTRIC SERVICE AT _____ (Address) ON OR AFTER _____ (Date)

In order to have **NORMAL SERVICE** restored after a Service Extender has been installed, you will be required to pay the delinquent amount outstanding and a security deposit in the amounts shown above. You can still avoid the Service Extender by paying the account in full by _____ (Date) or immediately calling an MDU service representative at _____ (Phone Number) or visiting our office at _____ (Address) to enter into payment arrangements and sign a written agreement.

THE SERVICE EXTENDER MAY BE REMOVED ANY TIME AFTER ONE WEEK AND ALL SERVICE WILL BE DISCONTINUED WITHOUT FURTHER NOTICE IF NO ARRANGEMENT FOR PAYMENT IS MADE.

Contact us immediately if you feel that you have been improperly billed or you need further information. If, **AFTER** discussion with our representative, you remain dissatisfied, you may write the South Dakota Public Utilities Commission, Capitol Building, Pierre, South Dakota 57501 or call 773-3201 or Tie Line No. 1-975-2222.

**NOTIFICATION THAT YOUR ELECTRIC SERVICE
 HAS BEEN LIMITED**

21259(5-85)-SD
 (Rev. 9/11)

MONTANA-DAKOTA UTILITIES CO.
NOTIFICATION THAT ELECTRIC SERVICE HAS BEEN LIMITED

Name: _____ Date: _____
 Address: _____
 Account Number: _____

A Service Limiter (120 volts- _____ amperes) has been installed on your meter because of your delinquent account in the amount of \$ _____. Your delinquent bill and payment history have forced us to limit the amount of credit available for your use. To have **NORMAL SERVICE** restored, you will be required to pay:

\$ _____	Delinquent Amount
\$ _____	Security Deposit
\$ _____	Reconnect Fee
\$ _____	TOTAL

To arrange for the restoration of normal service, call **1-800-MDU-FAST** (1-800-638-3278).

IT IS IMPORTANT FOR YOU TO UNDERSTAND THAT THE SERVICE LIMITER ONLY PROVIDES A PORTION OF THE NORMAL ELECTRIC SERVICE CAPABILITY. The Service Limiter only provides 120 volts which will be sufficient to operate your heating system, some basic lighting and possibly your refrigerator. **NO 240-VOLT APPLIANCES WILL OPERATE (WATER HEATER, ELECTRIC RANGE, CLOTHES DRYER, ETC.), AND YOU SHOULD NOT ATTEMPT TO USE THEM.**

IMPORTANT: IF YOU OR ANYONE LIVING IN YOUR HOME IS SERIOUSLY ILL AND REQUIRES THE USE OF A PARTICULAR APPLIANCE WHICH THE SERVICE LIMITER WILL NOT PERMIT TO OPERATE, OR IF ANY MEMBER IS 65 YEARS OF AGE OR OLDER, OR HANDICAPPED, WE WILL REMOVE THE SERVICE LIMITER FOR 30 DAYS SO YOU MAY WORK OUT A SATISFACTORY PAYMENT PLAN.

THE SERVICE LIMITER MAY BE REMOVED ANY TIME AFTER ONE WEEK AND ALL SERVICE WILL BE DISCONTINUED WITHOUT FURTHER NOTICE IF NO ARRANGEMENT FOR PAYMENT IS MADE.

SHOULD YOUR USE OF ELECTRICITY EXCEED THE CAPACITY OF THE SERVICE LIMITER, A CIRCUIT BREAKER WILL INTERRUPT YOUR ELECTRIC SERVICE. YOU CAN RESTORE SERVICE IN THE FOLLOWING MANNER:

1. Keep a flashlight with fresh batteries available.
2. Shut off all lights, motors and appliances.
 - To shut off the furnace fan, turn the furnace thermostat down.
 - To shut off the refrigerator, turn the temperature setting on the refrigerator up.
 - For customers living in a Mobile Home, heat tape on pipes that use electricity may cause the limiter to trip.
3. Go to your electric meter and locate the button on the bottom of the limiter.
4. To close the circuit breaker, pull down the limiter switch and push it back up like a breaker. If the Service Limiter has a button instead of a switch, push the reset button upwards until it is flush with the case and a "click" is heard.
5. If the breaker does not stay closed, check to be sure all lights, motors and appliances are turned off. Return to step 4.
6. When the breaker stays closed, return the furnace thermostat and refrigerator temperature setting to normal and resume limited electric service.
7. **Warning: Do not tamper with the service limiting device. If all lights, motors and appliances are off and you are unable to close the circuit breaker via the above steps, contact Montana-Dakota Utilities Co. immediately at 1-800-MDU-FAST (1-800-638-3278).**

Tampering with this device can be dangerous and may result in prosecution.

Contact MDU if you feel that you have been improperly billed or you need further information. If, **AFTER** discussion with our representative, you remain dissatisfied, you may write the South Dakota Public Utilities Commission, Capitol Building, Pierre, South Dakota 57501 or call 800-332-1782.

Montana-Dakota feels it is important that you are satisfied with your natural gas or electric service. However, sometimes a question, misunderstanding or complaint may develop. If it does, please let us know. Our employees are trained to help you.

Montana-Dakota will make a full and prompt investigation of all written complaints received. Please direct all written complaints to the Montana-Dakota office that appears on your utility bill.

DISPUTES

Whenever a customer advises Montana-Dakota, before the disconnection of natural gas or electric service, that any part of the billing, charges or service is in dispute, Montana-Dakota shall:

1. Investigate the dispute promptly
2. Advise the customer of the investigation and its result.
3. Attempt to resolve the dispute.
4. Withhold disconnection of service providing the customer pays the undisputed portion of the bill.

inspection, maintenance, replacement of equipment or to conduct investigations for hazardous conditions.

6. Unauthorized use of Montana-Dakota's equipment or tampering with Montana-Dakota's service equipment.

The following is a list of conditions, all of which must occur, before you will be disconnected for non-payment of a bill:

1. A customer may be receiving service from Montana-Dakota at more than one location. Only the service for which the bill is delinquent can be disconnected.
2. Bills are due when received. Bills become delinquent twenty-two (22) days after billing transmittal date. This period may be shortened if the customer's name is on the early payments list. This time period may be waived in cases of fraud, illegal use or when it is clearly indicated that the customer is preparing to leave. Montana-Dakota will send you a written notice giving you an additional ten (10) days in which to pay the bill to avoid disconnection.
3. If this is the customer's first disconnection notice, the customer will receive an additional personal notice by either telephone, visit or certified mail. Both written notice and personal notice shall contain a statement of the customer's right to appeal and where to appeal.
4. The customer, if he or she claims inability to pay or extenuating circumstances, is unwilling to enter into a reasonable agreement with Montana-Dakota to pay the service bill.

CREDIT AND DEPOSIT POLICIES

Montana-Dakota's deposit policy is predicated upon the credit risk of the individual as evidenced by past energy purchases without regard to the collective credit reputation of the area in which he or she lives and without regard to any of the traditional means for establishing credit such as home ownership or friendly relations with a bank.

This credit and deposit policy is administered without discrimination in regard to race, color, creed, religion, sex, ancestry, marital status, age or national origin.

Montana-Dakota will not require a deposit or guarantee from any new or present customers who have established good credit. Montana-Dakota will determine the credit standing of an applicant for service by referring to information about the applicant's prior energy usage and bill paying habits if the applicant has had service before. In the case of unknown credit, traditional means of credit rating can be supplied by the applicant.

A customer who has had one or more disconnections of service in the last year, or three or more disconnection notices in the last year, or has an undisputed outstanding debt with Montana-Dakota may be asked to reestablish credit through one of the following methods:

1. Make a cash deposit not to exceed one-sixth (1/6) of the estimated annual bill. Deposits will earn seven percent (7%) simple interest per

pay the undisputed portion of the bill and does not, after notice of this right to do so, contact the commission with the unresolved dispute within ten (10) working days after the disconnection notice was sent.

Natural gas or electric service shall not be disconnected on any Friday, Saturday, Sunday or legal holiday, or at any time when Montana-Dakota's business offices are not open to the public.

The customer can pay a delinquent bill at the last minute to avoid disconnection. Montana-Dakota's representative who comes to disconnect the service can also accept last-minute payments.

In a landlord-tenant situation, where the meter is in the landlord's name, Montana-Dakota will not disconnect the utility service until the tenant has been offered the opportunity to put the natural gas service or electric service in their own name and the tenant has turned down this offer. Montana-Dakota will not ask the tenant to pay any outstanding bills or other charges owed by the landlord.

The disconnection of utility services during cold weather could cause a threat to health and life. Montana-Dakota shall not disconnect residential utility service from Nov. 1 to March 31 without adding an additional 30 days to the normal disconnection date. Montana-Dakota shall notify the customer before the normal disconnection date that the customer has an additional thirty (30) days until disconnection of service.

If disconnection of utility services will aggravate an existing medical emergency of the customer, a member of his family or other permanent resident of the premise, Montana-Dakota will postpone disconnection of service

year from the date of the deposit to the date of refund or disconnection.

2. Provide a guarantor (residential only).
3. Be placed on an early payments list wherein the customer agrees to pay the bill for utility services within five (5) business days after it is received.
4. A non-residential customer may also provide a letter of credit, post a surety bond, or negotiate another option with the Company.

An existing customer will be given notice of not less than fifteen (15) days that a deposit, guarantor, or early payment is required.

REFUSAL AND DISCONNECTION POLICIES

Naturally, if your utility bill is not paid within a reasonable length of time, you cannot expect to continue to receive natural gas or electric service from Montana-Dakota.

We do not like to disconnect or refuse service to a customer, but sometimes it must be done. You will be notified before such action is taken if the reason is:

1. Non-payment of your utility service bill (after consumer deposit and earned interest, if any, have been applied to the outstanding bill).
2. You have failed to pay a required deposit or meet the credit requirements.
3. You have violated Montana-Dakota's rules on file with the South Dakota Public Utilities Commission. These rules are available for your inspection, please contact Montana-Dakota at 1-800-638-3278 to schedule an appointment.
4. You have broken the terms of the contract for service with Montana-Dakota or have failed to furnish basic things necessary to obtain utility service.
5. You have failed to allow Montana-Dakota employees access to company equipment located on your premise for meter reading.

for 30 days from the date of a physician's certificate or notice from a public health or social services official that such a medical emergency exists. This extension is limited to a single thirty (30) day period.

INSUFFICIENT REASONS FOR REFUSAL

Montana-Dakota cannot refuse to serve a person:

1. Who will not pay a debt to another utility, or a debt for another class of service, or a debt for other bills not based on filed rates or charges;
2. For non-payment of a bill for which he or she is guarantor;
3. Asking for service in a dwelling where the former occupant was delinquent;
4. Who is living with someone that is in debt to Montana-Dakota in an attempt to force payment of that bill, except when that person, even though not personally liable to Montana-Dakota, is trying to get service back to the indebted household and no attempts are being made to pay the debt of that household.

This pamphlet is a summary of Montana-Dakota's customer rules. A complete listing of Montana-Dakota customer rules and South Dakota Public Utilities Commission rules, regulations and rate schedules are available for your inspection by contacting Montana-Dakota at 1-800-638-3278 to schedule an appointment.  EXTENSION POLICY RATE 112**

SDPUC Form 689
 (Rev. 3-17)

**ELECTRIC SERVICE AGREEMENT (Rate 112)
 (North Dakota, South Dakota, Montana)**

Page 1 of 2

THIS AGREEMENT, made and entered into this _____ day of _____, by and between MONTANA-DAKOTA UTILITIES CO., 400 North Fourth Street, Bismarck, North Dakota, hereinafter called "Company," and _____ hereinafter called "Customer," whether one or more.

WHEREAS, Customer has requested that Company provide electric service to Customer at the following location:

Section _____, Township _____, Range _____, County of _____, State of _____.

WITNESSETH, That in consideration of the mutual promises and covenants herein stipulated to be kept and performed by the respective parties to this Agreement, it is mutually understood and agreed as follows:

1. Company shall furnish all labor, materials and equipment, including necessary transformer(s), service and meter, for the construction of an electric line from its present distribution line to a convenient location on Customer's premises. The termination of the facilities furnished by Company shall be the point of connection of the service conductors to Customer's service entrance equipment.
2. Customer shall furnish the service entrance equipment, which shall include the installation of the meter socket provided and owned by Customer, and all wiring beyond that equipment.
3. Company will deliver electricity to Customer at the rate approved by the State Regulatory Commission.
4. Customer shall execute and deliver to Company an easement granting perpetual right of way, releasing and waiving all rights thereto under and by virtue of the homestead exemption laws of the state, without cost, for the construction, reconstruction, maintenance and removal of Company's line, including tree-trimming rights. If Company extends its line built under this Agreement so as to provide service to other customers, such extension shall in no manner alter or affect the service to be rendered under this Agreement.
5. Before Company shall commence construction, Customer shall deposit with Company a contribution toward construction as stated below. A contribution may consist of both a refundable and non-refundable contribution based on project cost and projected revenues. The initial contribution for developers of subdivisions shall be the estimated construction cost.

Refundable contribution	\$	_____
Nonrefundable contribution	\$	_____
Total	\$	0.00

There shall be a minimum annual bill of \$ _____. This amount shall be equal to the estimated annual revenue used in the contribution formula described in Rate 112.

The initial contribution required of any customer other than a developer shall be the estimated construction cost less two times the estimated annual revenue.

6. The following additional terms and conditions shall apply to Company's construction of an electric line and installation of the necessary facilities as follows:

7. The following documents are attached hereto, and incorporated herein, as part of the Agreement:
 - a. Estimate of construction costs
 - b. Map showing the route of the extension
 - c. Economic analysis of the extension
 - d. Electric Extension Policy Rate 112, effective date: _____
8. If, within a five-year period from the date initial service is established, one or more additional customers are added to the above-referred-to extension, Company shall recompute the contribution required by combining the estimated proposed construction costs for the new customer(s) with the construction costs to those customers already taking service. If, by so combining the construction costs, the contribution of those customers already taking service would be less, Company shall make a proportionate refund, without interest, to those customers taking service prior to commencement of service to said additional customer(s). A refund will be made only when there is a reduction in the amount of contribution required.

9. Refunds for developers of subdivisions shall be made for each lot connected based on the following calculation: Total refundable contribution divided by the number of lots that can be served from the extension equals refund per lot. In addition, the total revenue of the subdivision will be reviewed annually to determine if adequate revenues are being generated so that the contribution formula would indicate a zero contribution. When this revenue level is reached, a refund will be made to the developer equal to the remaining contribution amount still held by the Company.
10. No refund shall be made by Company to customer(s) or developer after a five-year period from which initial service is established, nor shall refunds be made in excess of the amount contributed.
11. Customer shall assume full responsibility for the manner in which the wiring and electrical facilities owned by him on his premises are installed and maintained. Company's liability shall end at the point of connection of its facilities with Customer's service entrance equipment, and Company shall not be liable for any damage on account of injury or death of person or damage to property due to the condition or failure in operation of Customer's service line or equipment beyond that point. All duties and liabilities in this respect are assumed by Customer.
12. Company shall not be liable to Customer for interruptions or suspensions of service on said line.
13. If the electric line to be constructed, as provided in Paragraph 1 above, is to provide electric service to more than one customer initially, this Agreement shall not be binding on either party until all customers to be served initially sign a like Agreement or Company begins construction.
14. This Agreement does not give Customer a priority to electric service.
15. This Agreement shall be binding upon and shall inure to the benefit of the heirs, personal representatives, successors and assigns of the respective parties hereto and any refunds due hereunder shall be made to the owner of the property at the time the refund is due. Further, this Agreement shall expire on December 1, of the year in which it was signed by the Company, or on the following date, _____, whichever is later, if construction of the extension has not begun. If the agreement expires, Company will refund any deposit made by Customer and, thereafter, all parties shall be relieved from any and all further liability in connection with this Agreement.

IN WITNESS WHEREOF, the parties hereto have duly executed this Agreement as of the day and year first above written.
