3-2. What is the total outstanding balance of the customers that currently are or will be subject to disconnection at the end of the disconnection moratorium?

Response:

As of July 1, 2020, the total arrears balance for customers subject to disconnection in all revenue classes was \$838,040. Although MidAmerican does not have data available by service type, ninety-five percent (95%) of MidAmerican's South Dakotas customers are natural gas customers and five percent (5%) are electric customers. Therefore, the estimated balance for natural gas customers equates to approximately \$796,138 and \$41,902 in past due electric.

MidAmerican does not disconnect all customers with past-due amounts, to be subject to disconnection the past due balance must be \$200 or greater. The total customers' eligible for disconnection above includes only customers with a balance of \$200 or greater.
