RE: Regulatory Asset Quarterly Report

Dear Ms. Van Gerpen:

MidAmerican Energy Company ("MidAmerican") files the attached Regulatory Asset Quarterly Report as required in the South Dakota Public Utilities Commission ("Commission") Order Granting Joint Request for Deferred Accounting Treatment of the Financial Effects of COVID-19 and Creation of Regulatory Assets ("Order").

MidAmerican did not record any costs to a regulatory asset account. MidAmerican continues to track and evaluate the financial impacts of the COVID-19 pandemic as the pandemic is still ongoing. Regarding the tracking of cost savings, MidAmerican continues to monitor the impact of the pandemic on operations; however, MidAmerican has not identified any cost savings that are a direct result of the COVID-19 pandemic at this time.

The attached report details the number of customers that have been disconnected for nonpayment and number of customers that are in arrears during quarters two, three, and four, as well as year to date. Additionally, the number and average length of payment agreements entered into and the total dollar amounts associated with those payment arrangements.

MidAmerican does not qualify for federal or state grants or other payments to compensate for costs or lost revenue associated with the pandemic.

Dated: April 28, 2021

Respectfully Submitted,

MIDAMERICAN ENERGY COMPANY
